

THE DEN

Environmental Policy

The Den is committed to the protection of the environment through reducing pollution, emissions, and waste.

As part of the induction process, and through staff meetings and training, our staff will be informed about reducing the use of raw materials, supplies and energy.

We raise the children's awareness of environmental issues through discussions, projects, and day-to-day activities within The Den.

Children and staff follow The Den's 'eco code':

We re-use and recycle our waste material, and the recycling bins are easily accessible to staff and children.

- We switch off lights when not in use and fit the lights with energy saving bulbs where possible.
- We turn off electrical equipment at the power source when not in use.
- We turn off taps after use and do not waste water.
- We do not drop litter.

This policy was adopted by: The Den	Date: May 2023
To be reviewed: June 2024	Signed: Pauline Barritt Manager
